

Instructions for the ONLINE DONATION screen

Thank you for your interest in making a donation.

The steps are simple to make your donation and VANCO, our provider for this service, uses secure technology for the safekeeping of your information.

Before you get started, you will need to have your bank account number or credit card information available.

Please click on the DONATE NOW button and you have three choices on the ONLINE DONATION screen. They are:

DONATIONS - If you have not created a login profile, you may enter amounts on the left side of this screen for the donation amount; frequency (one time, weekly, monthly); and date of payment (must be set to a date greater than today's date). At this point, another screen will open for you to complete your information.

As one of the final items, you will be asked to register your profile. That is a good idea because it will allow you to easily make future changes to your profile. Upon completion of this page, you should receive an email confirming your donation set up.

LOGIN - For future transactions, you may make changes to your profile, make one-time payments, etc. You do this by clicking on the DONATE NOW button elsewhere on this site and using this LOGIN option on the right side of the screen to login to your profile.

CREATE YOUR ONLINE PROFILE - You may use this option if you want to create a login, but you are not yet ready to enter amount and payment information. In the future, you could then access the DONATE NOW page and use the LOGIN option above.

If you would rather not enter this information and/or create a login, you may access the GIVING page on our website and print a form that contains the same information. Please complete the form and return it to Marilyn's attention in the church office and she can create a donation for you. You may also request the blank form from Marilyn.

If you have any questions about this process, you may call
